OFFICE OF THE SECRETARY OF THE TREASURY
WASHINGTON, D.C. 20220

MEMORANDUM FOR:

Acting Deputy to the DCI for the
Intelligence Community

25X1

SUBJECT : Annual Report on Coordination of the
U.S. Foreign Intelligence Effort,
Draft No. 1

Mr. Morell has asked me to pass along the following
minor comments on subject report for your consideration:

On page 7, paragraph 8, sub-paragraph e, he
suggests that the words "and implementation" be added
after "formulation" in the second line.

In the section on Foreign Economic Intelligence
Requirements on page 10, he suggests that a paragraph on
the support to current activities in the economic field
would add a sense of dynamics to the report. He has in
mind the excellent support which the intelligence community
(OER, [] and INR) provided to the Secretary of the Treasury's
participation in the GATT Ministerial Meetings in Tokyo in
September and to the IMF Meetings in Nairobi, also in
September. In addition, the intelligence community gave
considerable support to the joint US/USSR Trade Mission
Meetings in Moscow in early October. All of these activities
involved the submission of specific requirements to the field
and the production of analytical material for the Secretary's
briefing books.
